

bears the risk, the contractor is obligated to repay to the Government the amount of unliquidated progress payments based on costs allocable to the property.

(c) The contractor is not obligated to pay for the loss of property for which the Government has assumed the risk of loss. However, a serious loss may impede the satisfactory progress of contract performance, so that the contracting officer may need to act under paragraph (c)(5) of the Progress Payments clause.

32.504 Subcontracts under prime contracts providing progress payments.

(a) Subcontracts may include either performance-based payments, provided they meet the criteria in 32.1003, or progress payments, provided they meet the criteria in subpart 32.5 for customary progress payments, but not both. Subcontracts for commercial purchases may include commercial item purchase financing terms, provided they meet the criteria in 32.202-1.

(b) The contractor's requests for progress payments may include the full amount of commercial item purchase financing payments, performance-based payments, or progress payments to a subcontractor, whether paid or unpaid, provided that unpaid amounts are limited to amounts determined due and that the contractor will pay—

(1) In accordance with the terms and conditions of a subcontract or invoice; and

(2) Ordinarily within 30 days of the submission of the contractor's progress payment request to the Government.

(c) If the contractor is considering making unusual progress payments to a subcontractor, the parties will be guided by the policies in 32.501-2. If the Government approves unusual progress payments for the subcontract, the contracting officer must issue a contract modification to specify the new rate in paragraph (j)(6) of the clause at 52.232-16, Progress Payments, in the prime contract. This will allow the contractor to include the progress payments to the subcontractor in the cost basis for progress payments by the Government. This modification is not a deviation and does not require the clearance prescribed in 32.502-2(b).

(d) The contractor has a duty to ensure that financing payments to subcontractors conform to the standards and principles prescribed in paragraph (j) of the Progress Payments clause in the prime contract. Although the contracting officer should, to the extent appropriate, review the subcontract as part of the overall administration of progress payments in the prime contract, there is no special requirement for contracting officer review or consent merely because the subcontract includes financing payments, except as provided in paragraph (c) of this section. However, the contracting officer must ensure that the contractor has installed the necessary management control systems, including internal audit procedures.

(e) When financing payments are in the form of progress payments, the Progress Payments clause at 52.232-16 requires that the subcontract include the substance of the Progress Payments clause in the prime contract, modified to indicate that the contractor, not the Government, awards the subcontract and administers the progress payments. The following exceptions apply to wording modifications:

(1) The subcontract terms on title to property under progress payments shall provide for vesting of title in the Government, not the contractor, as in paragraph (d) of the Progress Payments clause in the prime contract. A reference to the contractor may, however, be substituted for "Government" in paragraph (d)(2)(iv) of the clause.

(2) In the subcontract terms on reports and access to records, the contractor shall not delete the references to "Contracting Officer" and "Government" in adapting paragraph (g) of the Progress Payments clause in the contract, but may expand the terms as follows:

(i) The term "Contracting Officer" may be changed to "Contracting Officer or Prime Contractor."

(ii) The term "the Government" may be changed to "the Government or Prime Contractor."

(3) The subcontract special terms regarding default shall include paragraph (h) of the Progress Payments clause in the contract through its subdivision

(i). The rest of paragraph (h) is optional.

(f) When financing payments are in the form of performance-based payments, the Performance-Based Payments clause at 52.232-32 requires that the subcontract terms include the substance of the Performance-Based Payments clause, modified to indicate that the contractor, not the Government, awards the subcontract and administers the performance-based payments, and include appropriately worded modifications similar to those noted in paragraph (e) of this section.

(g) When financing payments are in the form of commercial item purchase financing, the subcontract must include a contract financing clause structured in accordance with 32.206.

(e) Retroactive price reductions resulting from contract terms for price redetermination or for determination of prices under incentive type contracts.

(f) Overpayments disclosed by quarterly statements required under price redetermination or incentive contracts.

(g) Delinquency in contractor payments due under agreements or arrangements for deferral or postponement of collections.

(h) Reimbursement of costs, as provided in 33.102(b) and 33.104(h)(1), paid by the Government where a postaward protest is sustained as a result of an awardee's misstatement, misrepresentation, or miscertification.
